

ULTRA-TECH™ LIGHTING GOLF-BRIGHT™

GB-FL-300WB2

- Golf-Bright™ LUMENTEC™ tuned spectrum
- Color Rendition Index (CRI) > .90
- 100,000 hour life cycle
- 110V ~ 277V auto-sensing ballast
- Instant strike/re-strike
- Nano-reflector technology with full diffusion
- VARIBEAM™ focus technology
- Powder-coated all-weather aluminum
- IP65 rated WF2 anti-corrosion grade
- 120mph wind resistance

The Golf-Bright™ 300-Watt round floodlight is ideal for driving ranges, fairways, putting greens and all types of golf recreation areas. The unique full spectrum full diffusion lamp is capable of replacing 1,000-watt high pressure sodium and metal halide fixtures for energy savings of up to 70%. Unique Vari-Beam™ technology allows changing the focal length to provide precision cut-off and minimal light pollution. Mercury is a solid encapsulated

amalgam that makes Golf-Bright™ environmentally friendly and safe. No special handling is required. No hazardous material disposal is necessary.

Golf-Bright™ light is spectrally tuned to resolve white balls against the night sky and green grass surfaces to provide stunning resolution with very low energy consumption. Instant strike means never having to wait for a warm-up or cool-down. The GB-FL-

300WB2 will not disturb nocturnal wildlife such as owls and bats. Equally important, it is a neighbor-friendly fixture that can be focused away from surrounding buildings and homes. Golf-Bright™ performance is not affected by temperature.
